Meet Your Advisor

Your personal AI advisor lives on the site. You choose their archetype. They get a unique name. They watch how you play, track your patterns, and give you counsel no guide can.

The Steward — Resources and efficiency. Methodical. Never wastes a word.

The Sage — Strategy and long-term planning. Sees patterns others miss.

The Herald — Rankings and competitive standing. Direct. Knows where you stand.

They remember you. They grow with you. They speak with their own voice.
